In today's world email, text, social media is a main source of communication. We still print and mail out over 800 bulletins each month. Many items can come up during the production of our bulletin such as computer issues printing problems and information availability. They can also get mailed late - the post office will only accept them during certain hours. We encourage your suggestions and appreciate any information. Please submit or go online and edit your records and add email address to it for updates throughout the month. January bulletin was a prime example, having multi printed errors that were notice after printed. We were able to send correct information to ones with emails.

Dues – where your funds go – Mooseheart - Moosehaven – Our Community. Each year we are blessed with applications, however we lose members, from selling camper, moving, death etc. Remember the application you turned in to join the Moose was also an obligation to support the Moose. Please keep in mind our youth, our seniors and our community when your Renewal notice comes in mail. Also, the gift of membership is great any time of the year!

Business – We are blessed to have a nice large campground and it brings extra members in during the season, however we need to remember the social quarters is open year-round, not just camping season. We heard smoking was an issue or excuse, now the building is SMOKE FREE, no more excuses. We had members vote smoking out of the building but where are you in supporting the business or the lodge. We need all to support the Lodge, not make excuses. With out the social quarters, there is NO campground. We have a variety of events and a great kitchen menu all week!

A service of tribute will be made available to the family of any deceased brother Moose. To arrange for this you need only to contact the Lodge with the funeral home, time and day. Evening service for this tribute would allow a greater number of the brothers to be present. There is a graveside service in lieu of religious rites available. If this is desired, follow the above procedure.
